Plan now to participate in one of Bread for the World’s regional webinars. You will receive help and encouragement for your involvement in the 2020 Offering of Letters, which will focus on improving global and domestic nutrition.

Nearly half of all child deaths worldwide are related to malnutrition. But we can change that. During the one-hour webinar, you will get an update on 2019 efforts related to the Global Nutrition Resolution (H.Res.189 and S.Res.260) and find out why we are urging Congress to strengthen commitments and investments in domestic and global nutrition programs that are reducing malnutrition.

The webinar will discuss planning and facilitating an Offering of Letters (a letter-writing event) in your church, campus, or community. You’ll also hear from other Bread members about tactics they have found helpful in increasing participation in their Offerings of Letters.

Our work together in 2019 moved members of Congress to support nutrition programs and to sign on as cosponsors of the bipartisan Global Nutrition Resolution. We can build on this success — by creating an outpouring of letters that change hearts and minds of members of Congress to make it possible for more children to survive and reach their God-given potential.

Please join a growing group of faith-motivated leaders in your region as we come together to educate, support, and inspire each other. To learn more and to register, visit bread.org/activist.
